

Streets Committee Mtg
Attendees M, B, T, A 2/27/25 7:30
Simulung

- 1) Replacing white 2008 pickup
 - 3 bids received \$3500 truck
 - \approx \$50k cost in
 - Money budgeted
- 2) 1 Ton Pk - 2012 - about 80k miles
 - Bed replacement \$3680
 - Maint Budget ok
- 3) Broadside Mower clutch replace
 - 1200, parts, work in
 - Budgeted
- 4) Landfill Improvement
 - Bucket truck potential
 - \approx \$50k cost
 - Buy needed
- 5) 3 Leaf Mower
 - Wait till spring
 - Easy, in stock
- 6) Area Drains - meet w/ streets 2/27/25 1.6m
 - Properties
- 7) Underpass pipe extension
 - Shearlock location
 - 12" req'd by ordinance
 - Need 15" or 8" pipe
 - Eric H. notified
 - Council action needed

The first part of the document discusses the importance of maintaining accurate records. It emphasizes that proper documentation is essential for ensuring the integrity and reliability of the data collected. This section also outlines the various methods used to gather information, including direct observation and interviews.

In the second section, the focus is on the analysis of the collected data. It describes how the information is processed and interpreted to identify patterns and trends. This part highlights the use of statistical tools and software to facilitate the analysis process.

The third section addresses the challenges faced during the research process. It discusses issues such as data collection difficulties, limited resources, and the need for clear communication with participants. The author provides strategies to overcome these challenges and ensure the success of the study.

Finally, the document concludes with a summary of the findings and their implications. It discusses the overall results of the study and how they contribute to the existing body of knowledge in the field. The author also offers recommendations for future research and practical applications of the findings.

Date: _____
 Page: _____

- 8) Salt - 300 tons delivered
- 800 left on contract
- Bainbridge has
salt conveyor
- Enough on hand

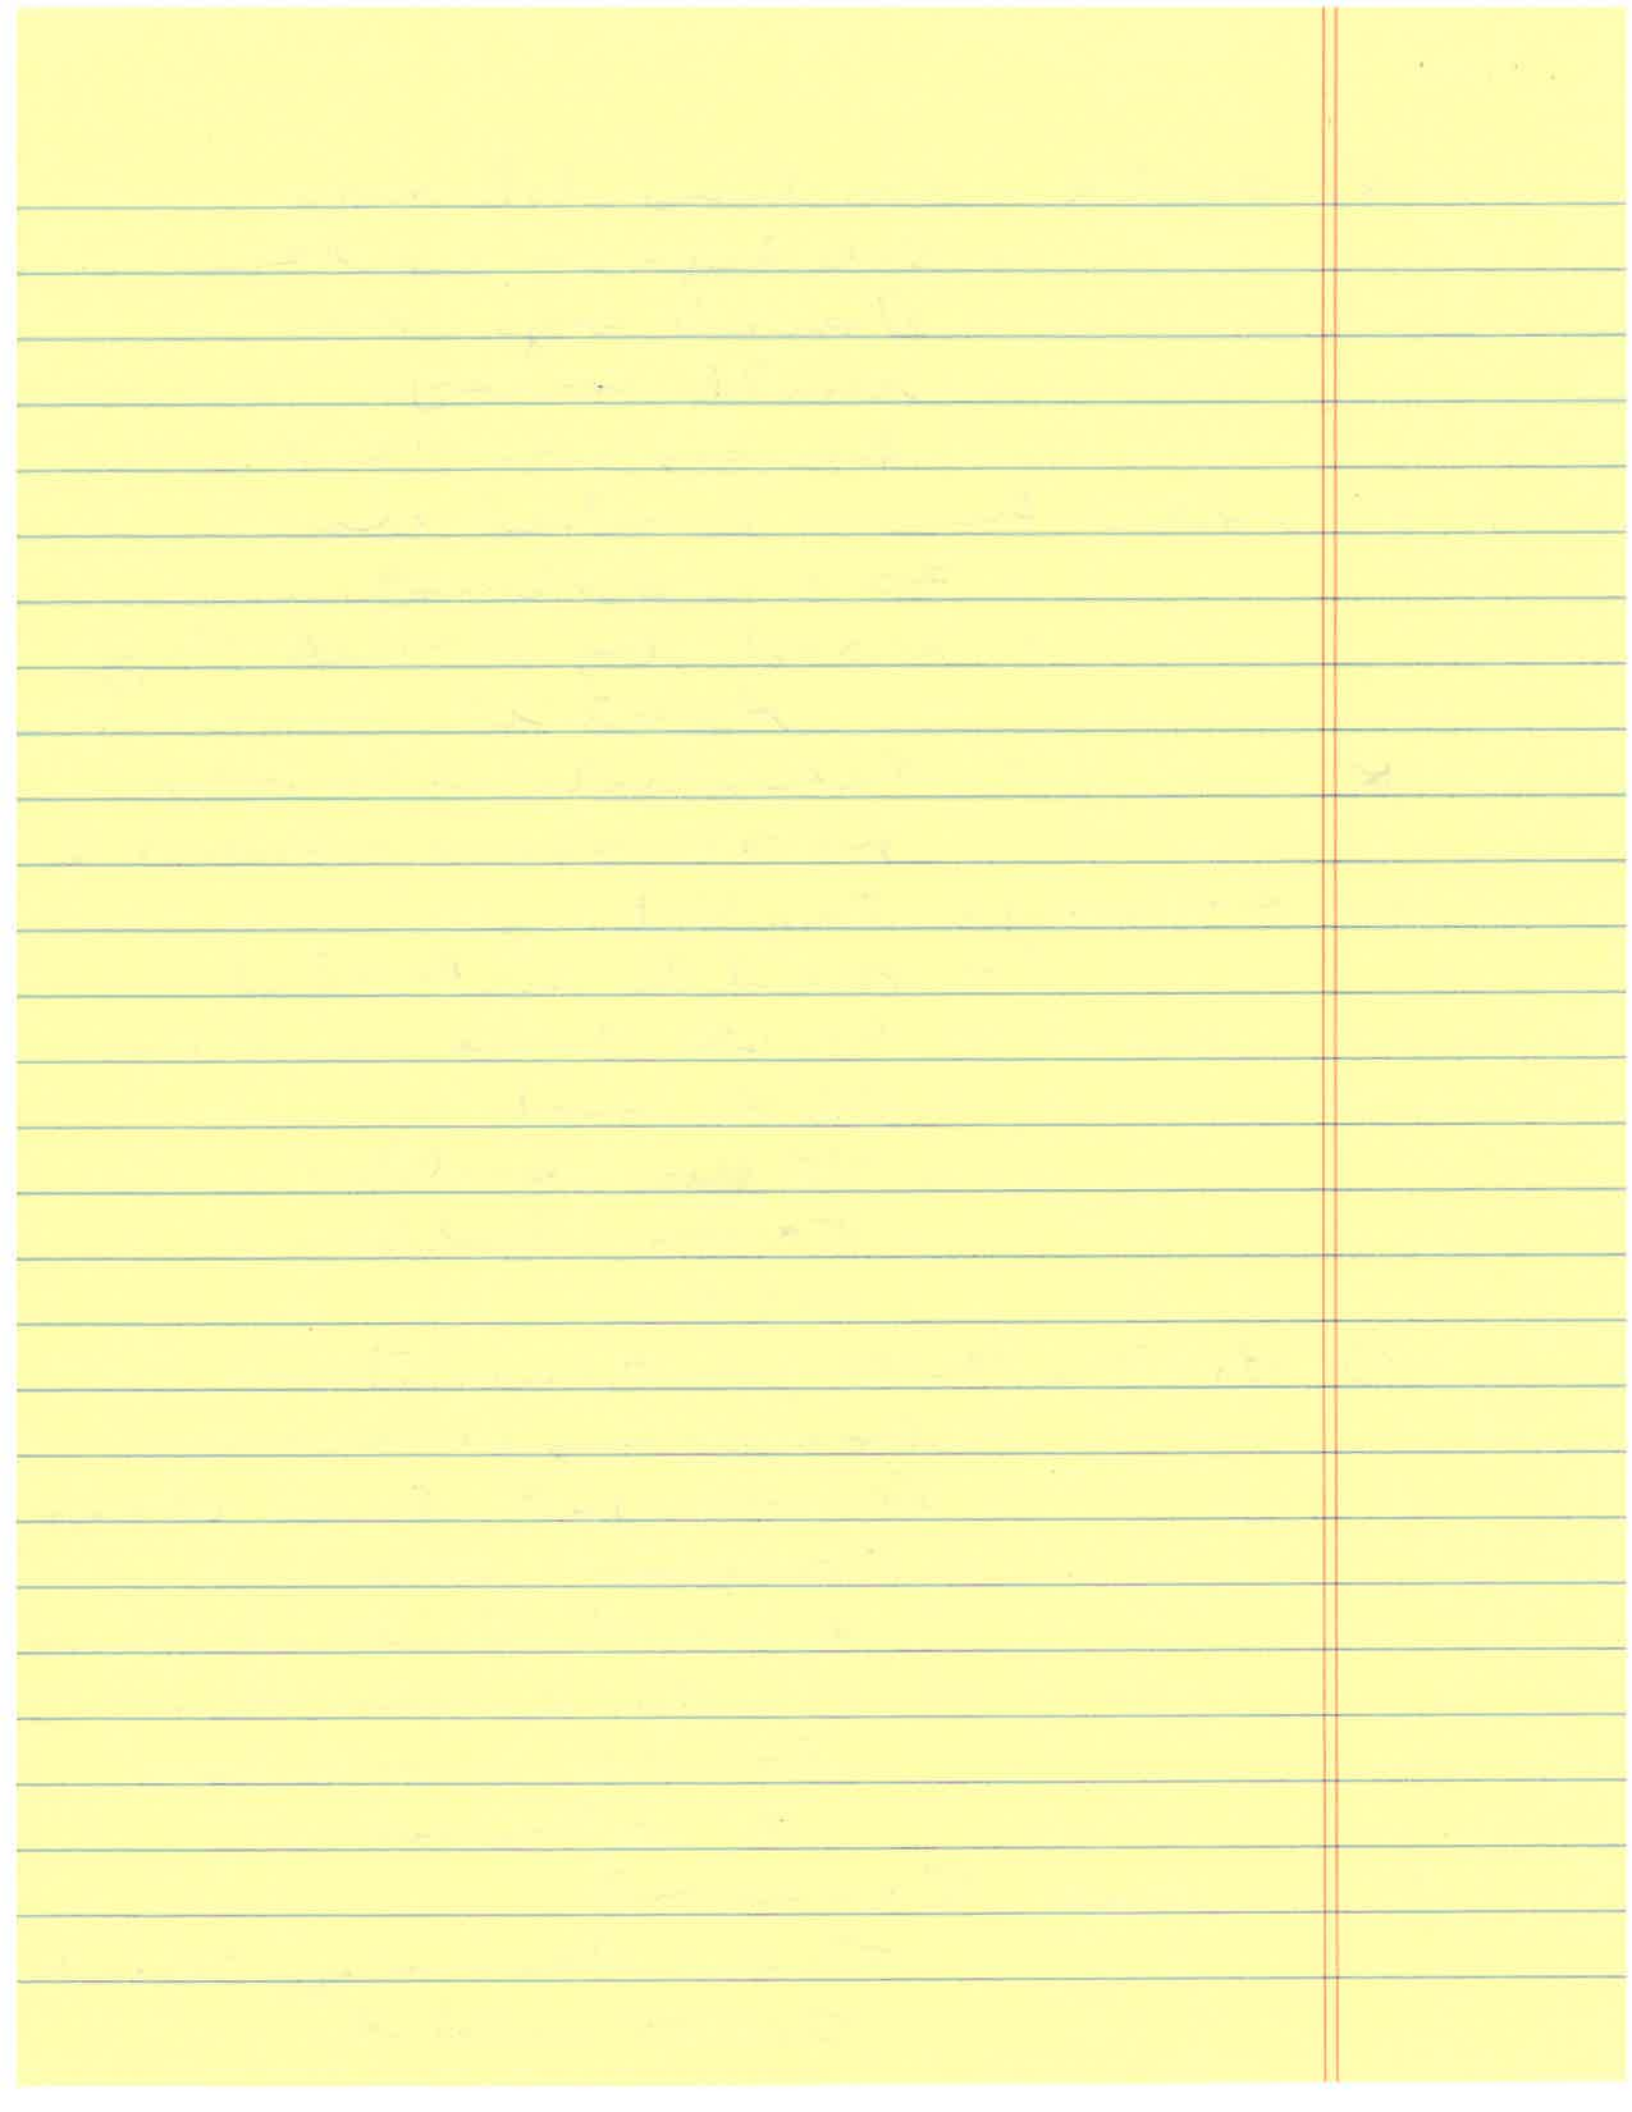

- 9) New fire - I needed some
- 30% application
- Need by Trash Day
April 25.

- 10) Schedule interviews
for SC recommendations

- 10) Garage lighting
- Need to retrofit
- Work done in house
- \$6k cost
- 75 ~~for~~ bulbs
- Fewer bulbs
- LED's.

- 11) Bell & 30% intersection
- Hoop might increase
- Server jct from stage
- Camera showed
pipe 1/2 full of gravel
- Trade bucks & draw
for 45 cement
& cleanout

- 12) Tree Removal
- Trees damaging facade
- 75% until

13) 2020 based program

- Kensington Circle, 5 deer
buck & 1 other
- bank offsets work
of Kensington portion
- one other street,
smaller.

⇒ 650K+

- Start date

14) Cold → next week this year
patching (2020 + 2021)

15) Suberbrook ends de sac →
return.

16) New driveway coming in
Road - road meets
driveway.

17)

The first part of the document discusses the importance of maintaining accurate records. It highlights the need for consistency and thoroughness in data collection. The second section focuses on the analysis of the collected data, emphasizing the use of statistical methods to identify trends and patterns. The final part of the document concludes with a summary of the findings and a discussion of the implications for future research.

The data collected over the course of the study shows a clear upward trend in the number of participants who completed the program. This suggests that the program is effective in attracting and retaining participants. The analysis also revealed that participants who completed the program were more likely to report improved outcomes compared to those who did not.

In conclusion, the results of this study support the effectiveness of the program. The findings indicate that the program is a valuable tool for improving outcomes and should be considered for wider implementation. Further research is needed to explore the long-term effects of the program and to identify ways to optimize its effectiveness.

Streets Committee Meeting 2/21/20 Agenda
Properties/Vehicles/Equipment

- 1) 2008 White Pick-up truck replacement: obtaining three proposals.
- 2) 1 Ton Truck bed replacement:
 - Purchase of bed \$3,680.00 can I move forward with replacement truck bed?
- 3) Roadside Mower Clutch replacement, clutch part cost \$1200.00 repair work will be done in house,
- 4) Purchase of additional Scag Mower: Closer to spring.
- 5) Upgrade Landscape Trailer, 16' upgrade to 20': waiting for proposals to be returned.
- 6) Meet with Ann Dunning Monday, 2/24/20 1:00pm at service garage.

Pending Current Work load

- 1) ord. #1010.08 culvert pipe installation 12" minimum diameter and installed at a depth of 18" deep
- 2) Order 300 Tons salt 2/18/20
- 3) New Hire advertisement: Job opening is posted on line on indeed
- 4) Garage lighting upgrade: obtaining prices for replacement
- 5) I approached Chagrin Falls waste water dept. to assist with their sewer jet, attempting to clean A blocked 12" storm sewer located on the South side of bell station that runs in the right of way, from the west driveway of the bell station to the east side of Chillicothe Rd. findings were: that the pipe was over half full of gravel, to remove the gravel from the pipe would take A

considerable amount of time, I spoke to Chagrin Falls CAO Rob Jameson about the matter and our proposal to you would be to trade work for work, they are expanding their cemetery and need to move a large amount of soil, we would send two trucks with drivers for one day and they would clean our pipe. A cost savings to both of us.

6) 2020 Tree Removal Funds budgeted \$2500.00 I need \$2300.00 additional to remove dead hazardous trees located on village property corner of Laurelbrook and Bell Rds.
