SAFETY COMMITTEE AGENDA

August 14, 2025 at 8:00 a.m. @ SRPD

- **Executive Session**

Motion to go into Executive Session at 8:00 a.m. for the purpose of conducting a part-time patrolman interview per Section 121.22(G)(1) of the Ohio Revised Code and inviting in Police Chief, and the candidate.

Executive session ended: 8:30 a.m.

- **Staffing Update**

Sergeant DiVita's expected to return to full duty has been extended. The estimated time to return to full duty is end of September.

- **IT Provider / Police Department**

Chief made a recommendation to contract with Simvay Systems for remote monitoring and antivirus protection. Chief will obtain an updated proposal and contract for the September 8th Council Meeting

- **GovDeals Auctions**

Auction Items will be listed ASAP. Street committee member Galicki was advised to review and approve the street department's disposal request so it can be added to the next Council agenda for approval for sale. (See email below)

- **Old Business**

The committee discussed the 2026 budget. Chief reports that after the savings adjustment to the costs for dispatch services, the police department budget should have little or no change from the 2025 budget. The only major project will be the implementation of the body worn camera and in-car camera systems upgrade. It was noted that the project was delayed most recently to account for the transition from CVD to Geauga Dispatch.

- **New Business**

The committee briefly discussed the proposed multi-purpose trails. Chief expressed concerns over the proposal as it would be necessary for pedestrians to cross Bell Road three times within a one-mile portion of the trail. The committee also pointed out that pedestrians would have to cross two additional streets which include Waverly Lane and Alderwood Trail, for a total of five crossings within Phase 1 of the project from Spring Drive to Gurney Elementary School.

Meeting Adjourned at: 9:30 a.m. Next Safety Meeting is scheduled for

Dennis & Ruth,

Please review the attached items and Tim's description below. The only recommendation I have would be to start the hydraulic system lower as it is not functional.

Please advise if okay to proceed.

Chief M. Rizzo

I would like to have these items placed on gov deals for disposal . The items were cleaned out of the village garage over the winter .
please comment your thoughts.

Thanks,
Tim

Item #1 I would start the bid at \$25 with little to no value

Item#2 Brake lathe , I was told from Jeff we paid \$200 for this. It is no longer used I would start this at \$200

Item#3 This was removed off our salt truck because it was defective. Again, I see no value to us, so I would also start this at \$200
